Speakers

Neil M. Bressler, MD: Diabetic Retinopathy, Macular Degeneration

Dr. Bressler works in the Retina Division at the Wilmer Eye Institute and is the James P. Gills Professor of Ophthalmology at Johns Hopkins University School of Medicine and Hospital.

Grace Levy-Clarke, MD: Uveitis

Dr. Levy-Clarke works at West Virginia University Department of Ophthalmology and Visual Sciences as an associate professor and the director of the uveitis and ocular immunology service.

David A. Faris, MD: Comprehensive Ophthalmology

Dr. Faris received his medical degree from West Virginia University School of Medicine in Morgantown. He completed his residency at Vanderbilt University Medical Center in Nashville, Tenn. and is currently in private practice.

Bennie Jeng, MD: Cornea & External Disease

Dr. Jeng is Professor and Chair of the Department of Ophthalmology and Visual Sciences at the University of Maryland School of Medicine.

Mary Pat Johnson: Ophthalmic Consultant

Mary Pat brings a variety of clinical and administrative experience. She maintains her certification as a COMT and continues to enjoy the clinical aspects of ophthalmology. She is active in JCAHPO and teaches various workshops at annual meetings.

Ryan McGuire, MD: Pediatric Ophthalmology/Assistant Professor

Dr. McGuire works at West Virginia University Department of Ophthalmology as assistant professor. He completed his Residency at Hahnemann University/Drexel University, and he completed his Pediatric Fellowship at Children's Hospital of Philadelphia.

Marlene Moster, MD: Glaucoma

Dr. Moster is the attending glaucoma surgeon at Wills Eye Hospital and Professor of Ophthalmology at the Sydney Kimmel Medical School of Thomas Jefferson University in Philadelphia.

Mark Moster, MD: Neuro-ophthalmology

Dr. Moster is the attending physician on the Neuro-Ophthalmology Service at Wills Eye Hospital and Professor of Neurology and Ophthalmology at Thomas Jefferson University in Philadelphia.

Objectives: Following this conference, participants should be able to:

- Identify, evaluate, and describe treatment of, optic neuritis
- Identify medical treatments for and potential complications of herpes zoster
- Describe most common causes, current management, and treatment of Neurotrophic Keratopathy
- Describe ophthalmic coding and practice management changes

Target Audience: Ophthalmologists

Continuing Education Credit: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the WVU School of Medicine and the WVAEPS. The WVU School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The WVU Office of CME designates this live activity for a maximum of 14.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure: It is the policy of the WVU School of Medicine Office of CME to ensure balance, independence, objectivity, and scientific rigor in all its educational activities. All faculty/authors/planners participating in our programs are expected to disclose any relevant relationships they may have with commercial companies. For this conference, **Dr. Bressler** has indicated he has received Research Grants to Johns Hopkins University as a PI from Biogen, Bayer, Roche (Genentech), Novartis, Regeneron, and Samsung Bioepis. **Dr. Jeng** has indicated that he is employed by EyeGate, however the topics he has been asked to present are not related to the product line of EyeGate and EyeGate currently has no products on market. Dr. Mark Moster has indicated he has received consulting fees from Gensight. All others have indicated that they have no relevant interests to disclose.

These relationships, along with the educational content of this program, will be reviewed and any potential conflicts of interest will be resolved to the satisfaction of the WVU School of Medicine Office of CME prior to the activity. If a conflict cannot be resolved, the person involved will be removed from control of content or the content will not be presented as part of the educational program.
