

WVAEPS 2023 Scientific Conference

The Greenbrier

June 9-11,2023

Friday, June 9, 2023 Eisenhower BC Room

7:00 am	Registration and Breakfast
8:00 am	Neurotrophic Keratopathy - Masih Ahmed, MD
9:00 am	Crash Course in Uveitis - Stephen Foster, MD
10:00 am	Break
10:15 am	Laser Vision Correction Advancements and Pearls - Karl Stonecipher, MD
10:45 am	Name that Keratitis - Masih Ahmed, MD
11:15 am	MIGS 2023: Intervening Earlier in the Disease Process - Leon Herndon, MD
12:00 pm	Morning CME Session Ends
12:30-1:30 pm	Lunch (Fillmore/Van Buren Rooms) provided by Mallinckrodt: <u>No CME</u> Credit Richard Bryan, MD, MS
2:00 pm	Pathophysiology of Migraine and its Treatment - Gregory Kosmorsky, DO
3:00 pm	Optimizing the Ocular Surface: Diagnosing and Treating the Elusive Dry Eye - Before I Didn't Want
	These Patients in My Practice and Now, I do Why? - Karl Stonecipher, MD
3:30 pm	Adjourn

5:30pm-7:00pm Beer & Wine Reception All Welcome (Prime 44 Patio - Rain Back up Colonial Lounge)

Saturday, June 10, 2023 Eisenhower BC Room

7:00 am	Registration and Breakfast
8:00 am	Mid-Year Update on Medicare Changes - Mary Pat Johnson, COMT, CPC, COE, CPMA
9:00 am	PeriOcular Dermatology - Scott Goldstein, MD
10:00 am	Break
10:15 am	Surgery Updates- What Payers are Looking For? - Mary Pat Johnson, COMT, CPC, COE, CPMA
11:15 am	Managing Patients with Severe Glaucoma - Are we Making a Difference? – Leon Herndon, MD
12:15 pm	Morning CME Session Ends
12:45-1:45 pm	Lunch (Chesapeake Bay Room) <u>No CME Credit</u> John Nguyen, MD
2:15 pm	Don't Let PeriOcular Pain Get Your Sore - Scott Goldstein, MD
3:15 pm	Challenging Cases in Neurophthalmology Gregory Kosmorsky, DO
4:15 pm	Ocular Cicatricial Pemphigoid - Stephen Foster, MD
5:15 pm	The Business of Presbyopia - USA Perspective - Karl Stonecipher, MD
5:45 pm	Adjourn

Sunday, June 11, 2023 Eisenhower BC Room

- 7:00 am Registration and Breakfast
- 8:00 am It's Not That Complicarted Scott Goldstein, MD
- 9:00 am Please Don't Send Me This Patient, Well, you can if you're Really Frustrated Karl Stonecipher, MD
- 9:30am Challenging Intraocular Lens Issues Masih Ahmed, MD
- 10:00 am OMIC <u>No CME Credit</u> prerecorded video discount for insurance
- 10:30 am Adjourn

<u>Objectives</u>: Following this conference, participants should be able to:

- Describe the causes and treatment of Neurotrophic Keratopathy
- Describe treatment of uveitis
- Identify medical treatments for and potential complications of Refractive Surgery
- Describe diagnoses and treatment of Keratitis
- Describe Microinvasive Glaucoma Surgery (MIGS) and identify patients that would benefit from MIGS.
- Identify, evaluate, and describe treatment of Pathophysiology migraine.
- Describe most common cause of Dry Eye

- Identify different types of Intraocular Lenses
- Describe ophthalmic coding and practice management changes.
- Describe PeriOcular Dermatology and how to treat the disease.
- Explain treatment options for Severe Glaucoma.
- Describe the treatment of Ocular Cicatricial Pemphigoid

Target Audience: Ophthalmologists

<u>Speakers</u>

C. Stephen Foster, MD, FACS, FACR - Founder and President, Massachusetts Eye Research and Surgery Institution (MERSI) Ocular Immunology & Uveitis Foundation, after 30 years on the full-time faculty of Massachusetts Eye and Ear Infirmary, he established his own private practice – The Massachusetts Eye Research and Surgery Institution, a state-of-the-art practice with its own chemotherapy infusion suite and phlebotomy lab.

Scott Goldstein, MD - Dr. Goldstein earned his BS in Business from Cornell university and his MD degree from Boston University School of Medicine, He then completed a year of general medical training at Thomas Jefferson University Hospital. t was followed by a three-year residency in ophthalmology at the University of Pennsylvania's Scheie Eye Institute. He was chosen to serve as chief resident in his final year. In 2002, he completed a two-year pediatric & adult ophthalmic plastic and aesthetic surgery fellowship based at Children's Hospital of Philadelphia and the University of Pennsylvania. Dr. Goldstein was then appointed Assistant Professor of Ophthalmology at the University of Pennsylvania. Dr. Goldstein was then appointed Assistant Professor of Ophthalmology at the University of Pennsylvania where he served as the director of medical education for the department of ophthalmology and oversaw the Oculoplastic surgery division at the Philadelphia Veterans Hospital.

Leon Herndon, MD - Division Chief – Glaucoma, Professor of Ophthalmology, Chief, Glaucoma Ophthalmology. Dr. Leon Herndon Jr, MD is an Ophthalmology Specialist in Durham, NC and has over 32 years of experience in the medical field. He graduated from University of North Carolina at Charlotte. He is affiliated with medical facilities Duke Health Raleigh Hospital and Duke University Hospital.

Mary Pat Johnson - Ophthalmic Consultant Mary Pat brings a variety of clinical and administrative experience. She maintains her certification as a COMT and continues to enjoy the clinical aspects of ophthalmology. She is active in JCAHPO and teaches various workshops at the annual meetings.

Gregory S. Kosmorsky, DO - Staff Physician in the Department of Neuro-Ophthalmology at the Cleveland Clinic Cole Eye Institute. Dr. Kosmorsky's clinical interests include neuro-ophthalmology, strabismus, cataract surgery and refractive surgery. He has been named a "Best Doctor" by Cleveland Magazine (2007-2008). He completed his DO at Philadelphia College of Osteopathic Medicine in Philadelphia, PA, in 1979. Then he finished a rotating internship at Delaware Valley Medical Center, Langhorne, PA, and a residency focusing on adult neurology at Temple University Hospital in Philadelphia, PA. He completed two fellowships, the first in ophthalmology at Cleveland Clinic and a second one in neurology/ophthalmology at Washington University Medical Center in St. Louis, MO.

Masih Ahmed, MD - Ophthalmologist specializing in cataract and corneal surgery. He completed his residency in Ophthalmology at West Virginia University, where he served as chief resident. He followed this with a fellowship in Cornea, External Disease and Refractive Surgery at the Cullen Eye Institute at Baylor College of Medicine (BCM). He joined the Cornea Section as assistant professor at BCM.

Karl Stonecipher MD - received his undergraduate degrees in Biology and Chemistry from Southern Methodist University. He earned his medical degree at the University of Oklahoma Health Sciences Center and completed his residency in Ophthalmology at Tulane University. He completed a fellowship with Dr. J. James Rowsey at the McGee Eye Institute at the University of Oklahoma College of Medicine in cornea and refractive surgery. He has additional education from Stanford University.

Continuing Education Credit: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the WVU School of Medicine and the WVAEPS. The WVU School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The WVU Office of CME designates this live activity for a maximum of 14.75 AMA PRA Category 1 Credits[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure: It is the policy of the WVU School of Medicine Office of CME to ensure balance, independence, objectivity, and scientific rigor in all its educational activities. All faculty/authors/planners participating in our programs are expected to disclose any relevant relationships they may have with commercial companies. For this conference, Dr. Herndon has indicated he has received honorarium from the following companies for the following roles: Allergan/Advisory Board, Consultant for: Alcon, Allergan/Abbvie, New World Medical and Sight Sciences; Research for Glaukos and Stock Options from Sight Sciences. Dr. Stonecipher has submitted for review and listed his relevant disclosures on a disclosure slide at the beginning of each power point presentation. All others have indicated that they have no relevant interests to disclose.

These relationships, along with the educational content of this program, will be reviewed and any potential conflicts of interest will be resolved to the satisfaction of the WVU School of Medicine Office of CME prior to the activity. If a conflict cannot be resolved, the person involved will be removed from control of content or the content will not be presented as part of the educational program.
